PRESIDENT'S REPORT

WATERFORD VALLEY OUTING

The second stroke round of our Club Championships saw a number of our first round leaders consolidate their positions so it is up to those chasing to make up ground at our third and final round at Pakenham.

Another good day with some excellent golf being played - full day results later in this Newsletter.

REMINDER : PLEASE ENSURE THAT RAFFLE TICKETS ARE RETURNED AT THIS OUTING

ANNUAL GENERAL MEETING

Our November outing will also incorporate the NSGC Annual General Meeting.

I invite any member contemplating a term on the Committee to complete a nomination form prior to the AGM.

We are still relying on Jodi Eastough and Mary Knaggs to perform the tasks of Secretary and Newsletter Editor.

A Constitution Amendment will be moved at our AGM to formalize such appointments by the Committee in the event of no nominations being received from NSGC Membership.

2010 PRESENTATION NIGHT

This year's P/N will again be held at the Ma-roondah Masonic Centre on Saturday, 27th November commencing at 7.00pm and the meal will be provided by Hot Rod's Roasts.

It would be appreciated if those "NOT ATTENDING" could advise Noel Tuck or myself so as our catering can be finalized.

Life Members and Past Members are cordially invited to join our current membership at this event.

NEXT OUTING

Sunday, 14th November at Pakenham Golf Club – please arrive 7.30am/scheduled tee off time 8.00am.

See you there - JK.

Score Cards:

Cards from Waterford Valley were a big improvement—keep it up.

Note also—see centre page spread of the latest Golf Victoria magazine (October/November issue).

Rules :

There has been a request for the club to look into the problem of having to play your ball from an unrepaired divot in the fairway, or un-raked footprint in a bunker. The request was for NSGC to invoke a 'local club rule' allowing preferred lies from these situations.

The following is a result of discussion at our latest committee meeting :

- We, the NSGC Committee, or any player for that matter, does not have the right to waive the Rules of Golf—see Rule 1.3
- Therefore a ball lying in an unrepaired divot could only be conceived as lying in "Abnormal Ground Conditions". If it were 'normal ground conditions' you would have to play it as it lies.
- The R&A definition of Abnormal Ground Conditions is : an '*abnormal ground condition*' is any *casual water*, *ground under repair* or hole, cast or runway on the course made by a *burrowing animal*, a reptile or a bird.
- It further defines a *burrowing animal* as one that makes a hole for habitation or shelter, such as a rabbit or mole, and adds a note that a hole made by a non-burrowing animal, such as a dog, is not an *abnormal ground condition* unless marked or declared as *ground under repair*.
- Kangaroos and humans are not burrowing animals !!

On the lighter side, assuming 11 club rounds per year with an average group of 30 players scoring an average of 100 strokes (33000), less an average of two putts each per hole (-11880), less all the tee shots (-5940) that leaves 15180 potential fairway shots where balls could have ended up in an unrepaired divot. Now let's say balls end up in said divots 55 times during the year, ie 5 times per round (highly unlikely but nevertheless), that would equate to a 0,4% chance of it happening. Do you really think we need to change the rules of golf for a 0,4% probability ? (get real).

Therefore by unanimous vote if your ball ends up in an unrepaired divot (or footprint in a bunker), tough shit—play it as it lies.
