

PRESIDENTS REPORT – JANUARY 2012

Welcome back for 2012 and it was great to see a large number turn out at the dunes. It was also nice to see some sun although we could have done without the wind.

We had 36 people attend the January outing which was fantastic to see and of the 36, 6 were visitors. Hopefully they enjoyed the day and will look to attending future outings as a member of the NSGC.

I would also like to take another opportunity to thank Crusty for making the big trip down from Bright to play on the weekend and I believe he will be trying to attend most outings for the year.

Presentation Night

A big thank you to everyone who attend the presentation night back in November. From feedback all seemed to enjoy the night and hopefully we will be able to do a similar event this year. Another thank you to Jim King in helping organise the night, Andrew Wallis for organising all the trophies and of course Dave Duncan for once again organise the slide show.

Behaviour

We have had a complaint from one of the courses we attend late last year in relation to club house behaviour and offensive language. Can everybody please make a special effort to be respectful of others and refrain from using offensive language in the clubhouse. We are a guest of the clubs we attend and must abide by their rules, not only this; you are also representing the Nunawading Social Golf Club.

If you do have any problem at any of the course please speak to a committee member who will address the issue on your behalf.

Attendance

This issue has been addressed many times before and just to reinforce the rules. If you fail to notify the club captain (Dave Duncan) 7 days prior to the outing that you **will not** be attending you will be liable to pay the greens fees that the club has been charged. Green Fee Deposits temporarily cover these unpaid for Green Fees. The member has to reimburse the Club at the next outing.

Membership

Membership fees are now due and can be paid to Cameron Leavy. If you would like to make arrangements to pay in instalments please see Cameron.

Hope to see you all at Moonah links in February.
